

William Ovuaku

Port Coquitlam, British Columbia
132-WOVUAKU@sd43.bc.ca

Objective

I have participated in 7 math contests.

My robotics team and I were the first robotics team in my entire school to go to provincials.

I made it onto my school's junior varsity basketball team without a professional trainer or past experience playing on a team.

Received a plaque that congratulates my academic excellence from the Igbo Development Association of BC on August 31st, 2024.

Education

September 2024 - Present | Riverside Secondary School

Dogwood
Port Coquitlam, British Columbia

Extra-Curricular

September 2024 - Present | Health Sciences Club

- I frequently attend presentations about different professions in the Health Sciences pathway.
- I also have presented different awareness presentations with a group of students to members of the club.

September 2024 - Present | Engineering Club

- In this club, we plan and build machines.
- In this club, we have made a cannon that launches t-shirts and we are currently in the process of building a wind tunnel.

Volunteer Experience

July 2025 - August 2025 | Rainforest Adventure Camps

Number of Hours: 66

Volunteer

Port Coquitlam, British Columbia

- Helped the staff team in setting up activities (e.g. Arts and crafts, outdoor games)
- Cleaned up 100% of the lunch area with the volunteer team after the children finished their food.
- These tasks greatly enhanced my teamwork and communication skills.

June 2025 - Present | Broadway Church Kids Ministry

Volunteer

Port Coquitlam, British Columbia

- Assisted leaders in setting up materials for children to take part in.
- Helped children build a closer relationship with God.

- This position tremendously helped me become more responsible.

July 2025 - August 2025 | Fraser River Discovery Centre

Number of Hours: 60

Volunteer

Port Coquitlam, British Columbia

- Engaged children in activities that were hosted by the staff and volunteer team

Skills and Abilities

Can speak English fluently.

Can speak French too but not as fluent as English.

Hobbies and Interests

- I enjoy playing basketball.
- I am into anatomy and physiology, specifically the human eye.
- I love exercising and staying fit like going to the gym.
- I like mapping, I don't do it as often as before.
- I love doing mathematics.
